HRS

HRS PAY MEETINGS & GROUPS

HRS Pay is THE solution for corporates with off-site meetings & groups.

~~No more manual booking comparison~~

Simplified process = saved time

Avoid sunk costs, e.g.:
- → **wrong rates**
- → **wrong service quantity**
- → **or not booked services**

HRS PAY FOR MEETINGS & GROUPS

- → Leverages our complex invoice validation capability.

With HRS is now possible to:

- → Consolidate any service item consumed in one single invoice collected by us.
- → AI validates if the invoice corresponds to the services booked.
- → In case of inconsistencies, you have the chance to approve or reject the invoice, and automatically request a new one, with the edits you requested.
- → Automate payments via virtual cards once the invoice is approved.
- → Automate the invoice itemization and reconciliation with bank transactions, and import data in ERP systems, expense management tools, procurement tools or any other third-party software.

![HRS logo]

HRS CAN DEAL WITH COMPLEX INVOICES VALIDATION

→ HRS AI is built to learn company policies and contracted programs, and automatically validate if invoices respect contracted services and bookings.

HRS CAN HELP

Saving **86 minutes** of manual work per invoice.

Avoid sunk costs.

Improve spend data quality with **more than 95% accuracy**.

OUR 3RD PARTY INTEGRATIONS

HRS Pay is agnostic and interoperable and can easily adapt to our client's tech ecosystem. We are currently integrated with major banks, card issuers, VAT services and expense management tools.
